## SONGS FOR MAY DAY

Everybody sings as queen is crowned.

1. Hail, hail to our May Queen  
Hail, hail to our May Queen  
Hail, hail to our May Queen  
Thy loyal subjects greet thee.

---

Everybody sings during May Pole Dance

2. THE MAY QUEEN

O listen to the music sweet  
That echoes from the green  
The fairies of the flow'rs have met  
To crown their May-day Queen  
The fairest blossoms of the wood  
Shall deck her brow today  
Come join the dance and trip it light  
To welcome Queen of May.

We will weave in love while we weave in flow'rs,  
And the sweet birds sing,  
From their leafy, leafy bow'rs;  
Winding in the breeze  
While the grasses sway,  
Singing of our love for thee  
Merry, merry Queen of May.

- 
3. ALMA MATER

Dear Alma Mater, we sing thy praise  
In sweet remembrance of our college days  
Comrades and teachers, friends so true  
We give our love to you.  
Long will we cherish the days spent with thee  
Happy days of dreams, work and play so carefree  
Deep in our hearts rests your memories true  
Here's all our love to you.

- 
4. All sing with arms around each other after girls do drill.  
Oh, here's to the school that we love  
May her colors keep waving above  
The school that stands for honor, truth, and right  
The school for which her teams will always fight  
Oh E. J. C. for you we'll always strive  
To keep our loyalty and spirit alive  
We'll work for you, our love will always hold  
Dear black and gold, dear black and gold,  
You'll live forever!

- 
5. ON DECATUR

On Decatur, on Decatur, on to a winning score  
Cheer the cool ol' black and gold boys  
On to victory, Rah! Rah! Rah!

On Decatur, on Decatur, true we'll ever be  
Loyal and true to old E. J. C.

# Meridian Student Will Head Cheers

DECATUR, Miss., Sept. 21—Two freshmen and three sophomore cheer leaders have been selected at East Central Junior College, after a spirited contest in which more than a score of East Central's most energetic aspirants demonstrated their ability.

Elizabeth Ward, of Lake, and George Edwards, of Philadelphia, were elected freshman cheer leaders. The sophomores selected for the same posts were Graves Barnes, of Homewood, Tommie Williamson, of Duffee, and Elizabeth Bustin, of Meridian.

The freshmen have just ended a lively campaign for the presidency of the class. Bully Moore, of Zephyr Hill, Neshoba county, had as his opponent Mildred Watkins, of Philadelphia. The former won, with his campaign manager, Willard Richardson, of Coldwater, Neshoba county, winning the race for vice president. The other offices have not been filled. Miss Marguerite Dacey, of Biloxi, girls' coach and teacher of hygiene, is the freshman sponsor.

The sophomores have filled all their offices: President, Herman Alford, Philadelphia; vice president, Willard Commander, Philadelphia; secretary, Annie Kate O'Bannon, Hattiesburg; treasurer, Bill Paschal, Alabama; reporter, Henry Ludlow; sponsor, Mr. Williamson, Decatur.

MISS JIMMIE D. WILLIAMSON

Miss Jimmie D. Williamson, charming daughter of Mr. L. E. Wilson of Newton, will reign as May Queen at the 71st Central Junior College May Day Festival at Decatur, Sunday, May 3. Miss Williamson graduated at Pontotoc High School in 1933 with honors. She is a member of the senior class at East Central. She has received honors in B. S. U. work, physical education, and will be the leading lady in the senior class play to be presented soon.

### HYMN

All Hail The Power Of Jesus Name!	Ye Chosen Seed Of Israel's Race,
Let Angels Prostrate Fall;	Ye Ransomed From The Fall;
Bring Forth The Royal Dia- dem,	Hail Him, Who Saves You By His Grace,
And Crown Him Lord Of All	And Crown Him Lord Of All.

Let Every Kindred, Every  
Tribe,  
On This Terrestrial Ball,  
To Him All Majesty Ascribe,  
And Crown Him Lord Of All.

Academic Recessional

(The congregation is asked to stand for the Academic Recession)

(5) Students who live in the taxing area are near home. This fact is worth considering. Good highways and the G. M. and N. Railroad make Decatur accessible to all sections of the state. Highway 15 runs through Decatur. It connects with the important highways of the state.

(6) The democratic feeling that pervades the campus and that characterizes student conduct stands out. There is no distinction because of wealth or position. The students who work for part of their expenses have more than their share of leaders in the classroom and in student activities.

(7) Students who live in the five counties of the taxing district will develop acquaintances with many young people that will become very valuable to them in years to come. The acquaintances one makes are among the most valuable acquirements of the time spent in college. People who miss the college experience regret the loss thus incurred, and those who go too far away from home to college are at a considerable disadvantage in their subsequent activities in life, because of lack of acquaintances among the leaders of their section of the state. Records show that most people settle down and live near the vicinity of their early years. It is therefore important to know the future leaders of one's section. The graduates of East Central are taking their places as leaders. Three of the five county superintendents in the East Central district have been enrolled as students at this institution at one time or another. Two of the youngest men who have ever held the sheriff's office in Newton County graduated from the Newton County Agricultural High School, which is now a part of the junior college. Recent graduates of the junior college hold important political offices and business positions in the district.

(8) East Central Junior College, located on one of the most beautiful campuses of the state, is housed in modern brick buildings, with steam heat, electric lights, and running water. A unique and valuable feature of the campus buildings is the covered walkways that connect all the main buildings. During the hardest rains or roughest weather, a student may go from one building to another without inconvenience.

(9) The equipment and facilities at East Central rank among the best in the junior colleges of the state. The laboratory equipment for chemistry at East Central is said to be as good as that in any college in the state. During the 1935-36 session a dozen new typewriters have been added to the business department. A program of expansion in laboratory facilities for agriculture will be completed for the 1936-37 session. Excellent equipment, including four new sewing machines, is found in the home economics department. Approximately one thous-

and volumes have been added to the library during the past twelve months, and plans call for many further additions. The most important periodicals are available.

(10) Physical training, not only for members of the varsity teams, but for all the students is encouraged and well provided for. The gymnasium is one of the best in the state. Tennis courts, the football field, and volley ball courts supplement the gymnasium for use in sports and physical education. East Central boys' and girls' teams are always considered among the best in the junior college circuit. The girls' basketball team won state championship in 1936, and the boys' team finished third.

(11) Students may find opportunities for self-expression in important clubs and organizations on the campus: the Glee Club, the Kaljyc-Peers, the International Relations Club, the Y. M. C. A., the Y. W. C. A., the Dramatic Club, and county clubs and class organizations.

(12) The campus is located in a healthful place, and the living conditions are maintained in such a manner as to safeguard the health of all the students and faculty.

## Y. M. C. A. AND Y. W. C. A.

The Y. M. C. A. and Y. W. C. A. are alert organizations with large memberships. Their chief purpose is to promote a religious consciousness among the students on the campus. They meet once each week for programs of a religious or moral nature. A delegation from each group attended a general "Y" Conference at Allison's Wells during March of the 1935-36 session. Miss Mamie Alice McGraw, Freshman, is Secretary of the State Students "Y. W."

presented from East Central Junior College. This is exactly one-half the amount of work required for a Bachelor's Degree from this institution."

—Robt. L. Williams, Registrar, M. S. C. W.

" . . . Credits were accepted in full."

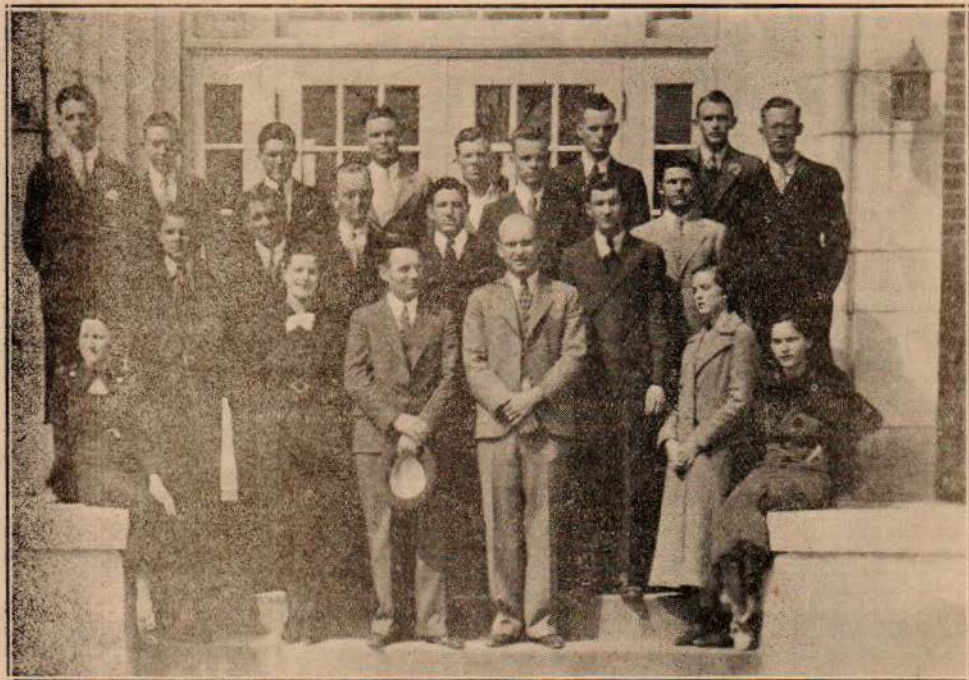

—Louisiana State University.

"Credit for two full years' work is allowed graduates of East Central Junior College. They are therefore able to graduate from the University of Alabama in two additional years."

—Mrs. D. H. McCuaig, Assistant Registrar, University of Alabama.

---

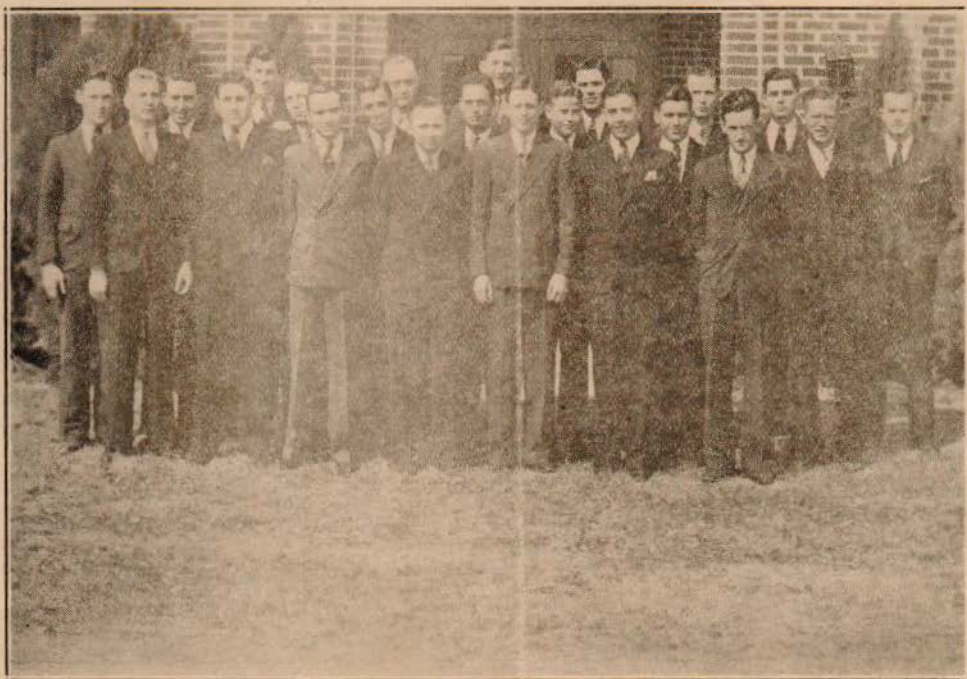

### THE INTERNATIONAL RELATIONS CLUB

The International Relations Club which meets once each week, is composed of boys and girls who are interested in world affairs, especially as a knowledge of them relates to the promotion of peace and a better understanding of international relationships. The local club was represented at the Conference of International Relations Clubs of the Southeastern States, held at Rock Hill, South Carolina, during February of the 1935-36 session.

(4) Expenses are at a minimum. The regular fees and board for dormitory students are not over \$131 for the entire year. Beacuse of the large enrollment, many students have had to do light housekeeping. When they bring groceries from home, expenses are at a minimum, their rooms costing only two or three dollars per month. Only one fee is charged all college students, the ten-dollar matriculation fee. Expenses for the 1935-36 session were as follows (not likely to be higher for 1936-37 session):

### THE KALJYC-PEERS

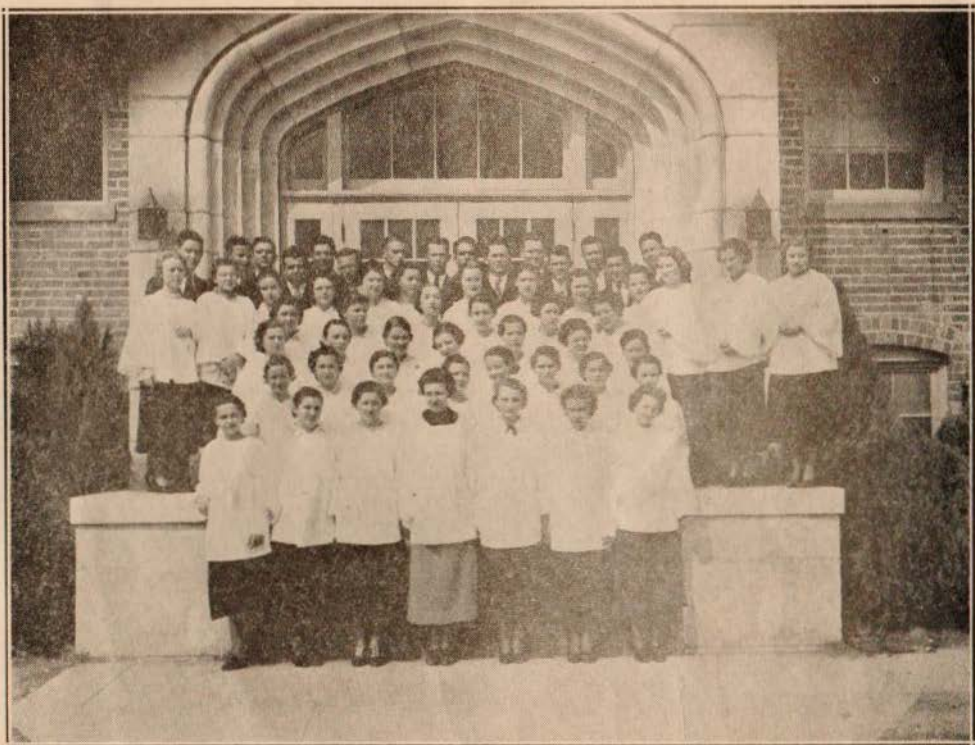

The Kaljyc-Peers, with a maximum membership of twenty-five, restricts its members to college men interested in parliamentary law, debating, oratory, etc. Members of the Kaljyc-Peers are as follows: Herman Alford, Charlie Crews, Joe Henry Jarrell, J. W. Lynch, James Rush, Willie Dallas, Herbert Noel, Hubert Gilmore, Edwin Sullivan, Durwood Gordon, W. Q. Struod, Clayton Hudson, George Edwards, Jim Hendrick, Chester Woodall, Woodrow Clarke, Hulburt Nowell, Clay McCurdy, O'Neal Irvin, H. F. Sessums, Odell Robinson, Henry O'Bannon, Faye Nester, and Leon Eubanks (sponsor).

grade work in bookkeeping, accounting, typing, stenography, business law, English, economics, etc. The work has the advantage over ordinary business courses in that full college credit is given and in the fact that other standard college work may be taken without additional expense. One gets a broader education. The other curricula, likewise, offer practical work that should be immediately useful to students. In addition, general educational courses of a cultural nature, very necessary to everyone, are given in each curriculum.

---

## THE GLEE CLUB

The Glee Club, which consists of approximately seventy-five members, meets three times each week for practice periods in group singing. The members are also taught appreciation for the classics and other well-known musical compositions. Trips were made during the week before Christmas to Morton, Philadelphia, Beulah-Hubbard, Walnut Grove, and Newton, with a program of Christmas carols featured. Trips were also made to nearby places during the spring with a program of miscellaneous popular and classical numbers being featured.

"Our admissions office allows full credit for work completed at East Central Junior College."

—George Washington University, Washington, D. C.

"The credits were accepted in full in accordance with our practice."

—University of Tennessee, Medical School.

Loss of credits has occurred in only a few cases in which the student had failed to take the prerequisite offered at East Central (and required at senior colleges) or in which the student had changed his mind as to his profession after having classified. Classification according to a plan of grouping of subjects according to major interest or according to future professional plans, instituted at East Central last

### THE HOME ECONOMICS CLUB

The Home Economics Club has as its main purpose the training of better home makers. Suitable programs are rendered from time to time, and worthwhile projects are sponsored, such as art displays, planning and serving of banquet plates, giving of chapel programs on table etiquette and good manners, promotion of mothers' and daughters' banquets, etc.

The administration at East Central believes that the Junior College should do all in its power to guide students into the line of study and work that they should go into. Accordingly, beginning with the 1935-1936 session all courses have been arranged into six Groups with each subject aiming directly to develop the purposes for the Group. The courses in Group One, Agriculture, lay the foundation for work as a practical farmer and for further work in a professional school where a boy may study to be a farm agent, agricultural engineer, teacher of agriculture, etc. The mathematics and chemistry courses in the group deal directly with problems of agriculture. The courses in each Group are likewise arranged according to the purposes of the Group. The

year, is being followed in an effort to see that no appreciable number of credits are lost in transferring to a senior college.

(3) East Central attempts to provide not only for those expecting to attend a senior college upon graduation here but also for those who will never attend college after graduation here. Accordingly, courses that will be of immediate and inestimable value to such students are offered in each of the six curricula or groups into which the courses at East Central are divided. For example, the business group offers high

Front row, left to right: Hicks, Tucker, Mooney, Jackson, Temple, Stroud, Heighman, Lundy, Cunningham Curry, Blass. Managers: Pace and McGraw.

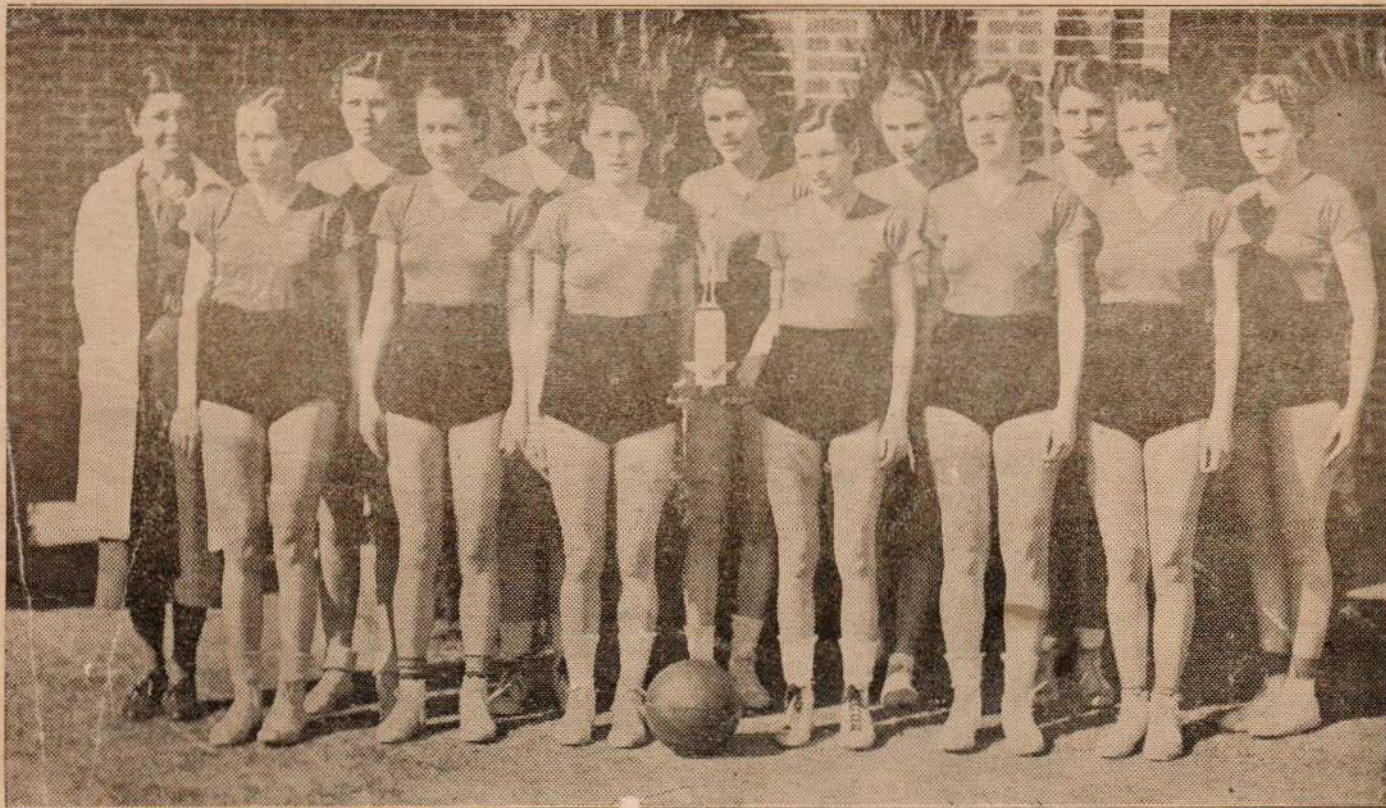

## BOYS' BASKETBALL TEAM

With seventeen games won and six lost, the Warriors ended the season in third place in the Junior College Conference. The members of the squad, reading from left to right are: Back row: Coach Kinard W. Austin, Herrington, Vince Gordon, Catledge (C) Pace, (manager); Front row: Culp, Watwood, Wall, Stiles, Duncan, Davis and [redacted] (two are missing from the picture).

## GIRLS' BASKETBALL TEAM

With eighteen victories and one defeat during the year, the girls' basketball team well deserves the honor of having won the state tournament, to become the champion girls' team of the Junior College Conference. The members of the squad, reading from left to right, are as follows: Back row: Marguerite Dacey, coach; Burt, Dunham, L. Williamson, Pou, Herrington, Huston. Front row: E. R. Adams, Long, Johnson (C), O. S. Adams, Shumaker, and Miller. The group is generally considered the strongest college girls' team ever developed in the state.

*William  
H. H. H.*

East Central Junior College, located at Decatur, Mississippi, offers two years of standard college work in agriculture, business, home economics, music, teaching, and a group of studies leading to the professions of medicine, law, pharmacy, engineering, the ministry, etc.

The following are advantages incident to attendance at East Central:

(1) A well-trained faculty, experienced in college teaching, insures proper instruction for every student.

(2) No loss of time nor credits is incurred by a student, when he is properly classified, in pre-professional training in any of the subjects listed above. All work in these fields has been accepted hour for hour by the four-year state colleges and the University of Mississippi, as well as by leading colleges and universities throughout the country. Recently a follow-up study was made of all graduates who had transferred to senior colleges. Following are typical extracts from some of the letters received from these colleges—all written within recent months:

"It is the policy of the University of Mississippi to accept credit from your junior college at full face value . . . A student who graduates from your college can easily finish the B. A. Degree here in two additional years."

—T. P. Scott, Registrar, University of Mississippi.

"In answer to your inquiry as to the amount of credit which we allowed . . . on his entering here from your junior college with ninety-three quarter hours of credit . . . I am glad to advise that he was given credit for the exact equivalent of ninety-three quarter hours. In other words, he received full credit for his work."

—J. C. Herbert, Registrar, Mississippi State College.

"I am pleased to advise you that we accept the credits from East Central Junior College at full face value, since your college is on the accredited list."

—Mary Pulley, Registrar, Mississippi State Teachers College.

"The students who come to us from East Central are very high type young ladies and give excellent accounts of themselves in their work with us. Credits are accepted without reduction."

—Blue Mountain College.

"It is the policy of Mississippi State College for Women to allow sixty semester hours credit (ninety quarter hours) on all transcripts

General Group has the fundamental courses required in most pre-professional courses, such as chemistry, mathematics, English, French, etc.

Each group is made up as follows:

1. General citizenship courses.
2. Courses that are strictly vocational, professional, or preprofessional, and
3. Subjects that are closely allied to the second type.

Each student will be consulted closely as to his vocational aims, his problems, his past record and will be aided by faculty advisors in choosing the right Group.

The student body at East Central numbers among it the finest type

in the state. The student body is very friendly and enthusiastic. It realizes that it has an important part in building up the reputation of a young school. In eight years the enrollment has gone from only a few to 396, with prospects of having more again next year than can be accommodated.

The Headquarters Battery of the 114th Field Artillery, National Guard of Mississippi, is located at the school. All the members are now or have been students. All officers except one are faculty members. The Guard gives splendid training and helps financially in getting through school.
